

Dr. Jessica Owman-Hosley ## ECONGRESS

FAMILY VALUES TRUSTED CONSERVATIVE HH! | HR

BOWMAN-HOSLEY

Dr. Jessica Bowman-Hosley is a lifelong resident of the 12th Congressional District. Raised in a conservative, Christian home in Potter County, Jessica brings the values most crucial to preserving our individual liberties by focusing on God, Family and our Constitution. Both of Jessica's parents worked for U.S Senators and their work was influential in her interest in politics, her pursuit of the highest goals, and in her determination to achieve excellence.

Jessica earned a Bachelor's degree at Lock Haven University and both a Masters and Doctorate degree at Penn State University by the age of 27. After teaching in the local school district, she joined the faculty of Lock Haven University where she serves as a Professor and advises the College Republicans. She is also a graduate of the prestigious Anne Anstine Excellence in Public Service series.

r. She has been married to Dr

Jessica is a dedicated professional who cherishes her role as wife and mother. She has been married to Dr. Nate Hosley for 13 years and together they have three children Abrianna, Gabriella and Alanna. They live on their farm in Mill Hall, PA. As a Mom, she has been their learning coach and teacher, active as a swim parent, and a guiding force in their spiritual growth.

Dr. Bowman-Hosley brings in-depth knowledge of the issues and support for issues in the 12th Congressional District and President Trump's agenda.

Agriculture and supporting our farmers.

Pennsylvania continues to have among the largest agriculture-based economies in the nation. Following the lead of the senior committee member on the Agriculture Committee, Congressman GT Thompson, Jessica will listen to what our farmers have to say about issues and support legislation that empowers farmers.

Infrastructure and Energy.

Pennsylvania received an overall grade of C- from the American Society of Civil Engineers and grades of D or D+ in bridges, roads, wastewater and storm water management. We can do better and Jessica will push for much needed improvements to our roadways and other infrastructure needs. Most counties within the 12th Congressional District are in need of upgrades to the broadband connectivity.

Our Commonwealth is blessed with an abundance of resources including natural gas...attracting and keeping gas industry in Pennsylvania is an important goal for me.

Output Education and jobs.

As a region, Jessica believes we must respond to our economic needs through our educational opportunities. She will champion legislation that supports the 12th Congressional District, bringing vocational skills training, technology, higher education and employment opportunities to our home area.

Veterans' issues.

Health care, training, and employment for returning veterans must continue to be issues to be represented in Washington. Progress is being made, but in each of these areas there is much room for improvement, and we cannot allow opposing political views to stall that progress.
